{gallery}grounds_rm:320:220:1:0{/gallery}The legendary, historic Cave Springs Resort Cabins were built in 1923, and continue to offer a vacation experience unique in today's world. Although the beds have been modernized, these very rustic cabins offer all the state-of-the-art amenities of 1923, including: private bath with shower (two cabins have original claw foot tubs), a kitchen with two burner stove (in the one bedroom cabins), kitchen with stove and oven (in the two-bedroom cabins); you'll find a vintage refrigerator in the kitchen or back porch; read a novel on your front porch. Don't worry about the telephone or TV disturbing the tranquility, because there >are none! Open the back window and listen to the Sacramento River dance over rocks and splash into pools.
